Vienna, 10.12. 2020

Introduction to the project

CERUSI | ZSI - Wolfgang Haider and Barbara Glinsner

Various challenges for rural regions:

- Infrastructure
- Innovation Capacity
- Networks
- → economic, social and ecological challenges

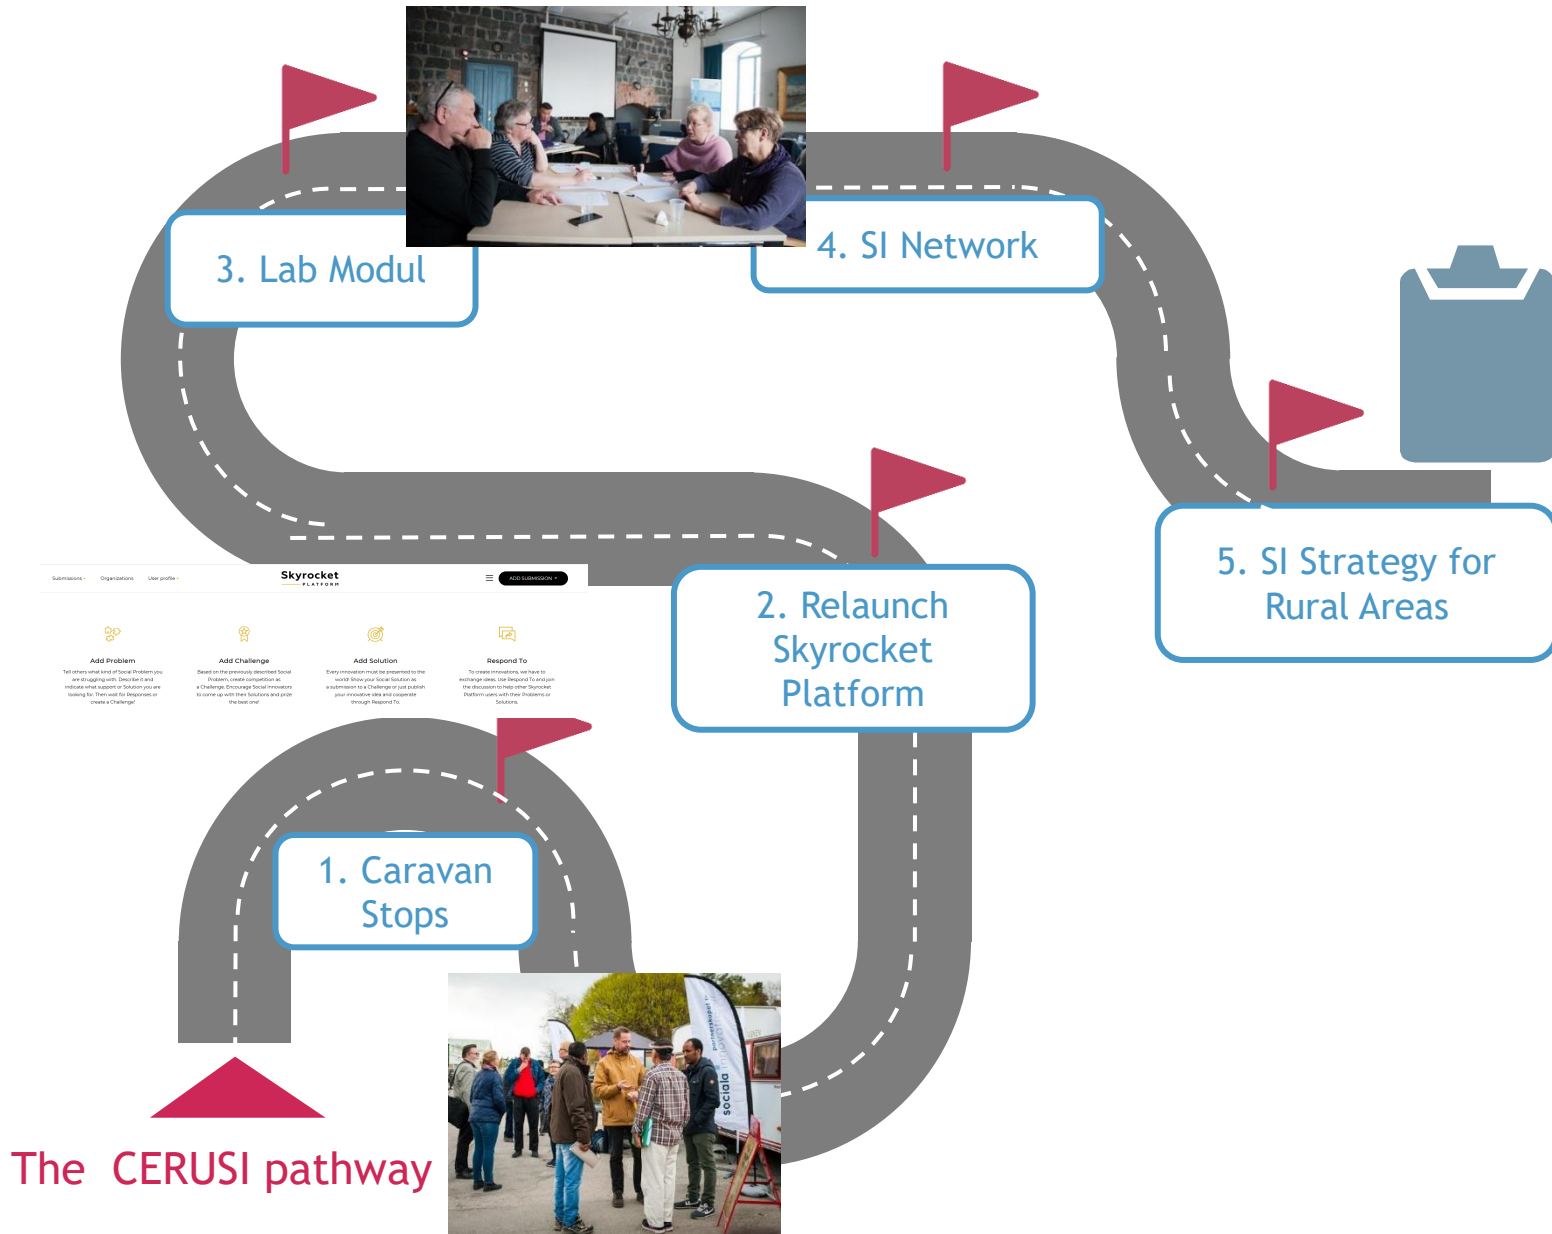

OVERALL OBJECTIVES

-  Harvest regional social capital and knowledge resources
-  Create an intermediary support network for social businesses and innovators
-  Establish a sustainable stakeholder network locally and transnationally
-  Support local actors in developing SIs and SEs

HOW DO WE WANT TO ACHIEVE THESE OBJECTIVES?

Add Problem

Tell others what kind of Social Problem you are struggling with. Describe it and indicate what support or Solution you are looking for. Then wait for Responses or create a Challenge!

Add Challenge

Based on the previously described Social Problem, create competition as a Challenge. Encourage Social Innovators to come up with their Solutions and prize the best one!

Add Solution

Every innovation must be presented to the world! Show your Social Solution as a submission to a Challenge or just publish your innovative idea and cooperate through Respond To.

Respond To

To create innovations, we have to exchange ideas. Use Respond To and join the discussion to help other Skyrocket Platform users with their Problems or Solutions.

LAUNCH OF RURAL SOCIAL INNOVATION ACADEMY on January 18th !!!!

Registration starts 22nd of December !!!!
